## FAQ's

**What types of competitive angling does Score Fishing cater for?**

Score Fishing is suitable for ALL types of competitions, including sea, lake, river, canal & ice fishing. Formats can be peg, beat, boat, free to roam and species hunts.

**My competition is made up of multiple qualifiers throughout the year. Will Score Fishing be able to manage the many different locations and competitors?**

Yes! Score Fishing will perfectly manage multiple qualifiers, sessions & sectors. All results & rankings are automatically worked out & reports are auto generated. There are many features of Score Fishing you will find useful.

**I do not want the results made public until the competition is finished. How can I ensure this happens?**

You are always in full control, it's your competition after all! Results can be shown as LIVE scores, or results are hidden from public view until the Publish Results button is selected.
